DECLARATION OF CHARLIE SHEEN

1. I am the Respondent in this matter and submit the following declaration in opposition to Petitioner's ex parte application.

2. I am informed and believe that Petitioner's ex parte request is in part based on allegations that I threatened her and hit her on December 27, 2005 and December 30, 2005. These claims were previously made in January 2006, when we appeared before Judge Robbins. I deny having engaged in any such conduct on December 27, 2005 or on December 30, 2005. At all times since these allegations were made, I have attempted to minimize contact with Petitioner, and thereby protect myself from false allegations.

3. I deny Petitioner's most recent allegation that during the course of our conversation on April 12, 2006, I threatened her or members of her family. In order to protect myself from such allegations in the future, I request that the court authorize each party to tape record telephone conversation with the other.

4. Petitioner's allegations are totally inconsistent with her conduct. By way of example, Petitioner has repeatedly suggested that it is essential that third parties be present during my custodial periods. I have agreed to these conditions because both Petitioner and I have customarily had child care assistance, and I was hopeful that with the passage of time, Petitioner would be more reasonable. On or about March 19, 2006, Petitioner knowingly permitted me to be with the children at her house from approximately 6:45 p.m. to 11:00 p.m. Her nanny was not present and Petitioner was attending a party with her friend, Linda Medvey. After the conversation on April 12, 2006, Petitioner advised my counsel that she had agreed to my request that pending a custody evaluation, the children would be in my custody 3 days each week. I have had no contact with Petitioner

3 5. In January, 2006, Petitioner and I agreed to participate in counseling with Dr.
4 Stan Katz. The purpose of the counseling was to address parenting issues and to
5 establish a mutually-acceptable custody schedule. After two sessions, Petitioner elected
6 not to participate.

7

8 6. During the past 4 months, Petitioner has unilaterally decided if and when I
9 would have contact with the children and has refused to permit overnight visitation. I have
10 gone along with this arrangement in the hope that litigation could be avoided and in the
11 further hope that Petitioner and I would make decisions regarding our children rather than
12 strangers. I have seen the children an average of two days per week without incident or
13 problem. I have also regularly attempted to call them to say good night. Last week, after
14 my counsel gave notice that I would be filing an order to show cause and requesting a
15 custody evaluation, Petitioner abruptly refused to permit me to have any contact with the
16 children.

17

18 I declare under penalty of perjury under the laws of the State of California that the
19 foregoing is true and correct, and that if called upon as a witness, I could and would
20 competently testify thereto.
